## PLAY CARE CHECK-IN & OUT POLICIES

Please have your child use the restroom before utilizing Play Care. Do not leave your child with a dirty diaper. If your child is nursing, feel free to come in and nurse before leaving your child.

- Parents/Guardians will be required to show photo ID at check-in and pick-up.
- The parent/guardian who dropped the child off must pick the child up, or be reflected as a guardian in the member's account.
- Staff will issue ID tags/badges to your child. This ensures safety for the children during an emergency evacuation.

---

## POLICIES & RULES

The Salvation Army Modesto Red Shield employees will supervise the children in the Play Care center. If no children are present, the center may close up to 30 minutes early. Rates and hours are subject to change. It is our expectation and desire to facilitate a safe and enjoyable experience for parents and children, and thus we require:

- All space is on a first come, first serve basis (based on child to staff ratio availability).
- Parent or guardian must stay on-site after dropping off children.
- Children must stay in the Play Care Room until released to the parent/guardian.
- If your child is not adjusting to the Play Care and is crying (to the point of being hysterical) for 15-minutes after you leave, we will call you by cell phone or over the intercom to come and pick-up your child. Please listen for your name/phone.
- If your child is not fully potty trained, please ensure they are wearing a pull-up or underwear. If your child is potty trained, but still learning the finer details of going potty (wiping completely, etc.) staff may have to find you to assist your child.
- Children's items must be labeled with their first and last name; we cannot be responsible for items left behind.
- No food or gum is allowed inside of Play Care, in order to safeguard children with food allergies.
- Children who harm others (including, but not limited to biting, scratching, hitting) may be asked to leave for the day. Children involved in more than three incidents may be suspended or not be allowed to use the center; the length of time will be determined by the Modesto Red Shield Management team. If child is prone to aggressive behavior, please notify staff. Each consistent discipline problem will be addressed on an individual basis.
- Children who appear sick will need to be removed from the facility immediately (this includes sore throat, fever, diarrhea, excessive coughing, excessive runny nose, rashes, pink/glassy eyes, vomiting, etc.). The child must come in with a note from his/her doctor authorizing usage if condition is non-contagious (allergies, etc.) This policy will be strictly enforced for the protection of the child, other children, and our staff. Please keep your child home until the fever is completely gone. A 24-hour period is recommended.
- Any visit over 2 hours, or that extend past our Play Care Center hours may be charged an additional fee (\$1 per minute). Continued violation of this policy may result in termination of Play Care program use.

---

## DIAPERING/BATHROOM ASSISTANCE POLICY

By signing this form, you understand that Red Shield staff are not allowed to change diapers, nor help a child in the bathroom. We ask that children wear a pull-up if not potty trained. However if potty trained, we recognize there is a learning curve and are happy to find or call you so that you may provide assistance. If your child needs a diaper change or help with the bathroom, we will ask you to leave your class/activity to address the situation.

**Parents or guardians are required to stay on site while your child is in Play Care.**

---

## PLAY CARE PARENT/GUARDIAN AGREEMENT

I have read and understand the Play Care Center policies and expectations. By signing this form I agree to follow the rules. I understand that failure to do so may result in termination of Play Care Center use. I have read and understand The Salvation Army Diapering Policy.
